## <u>December 2024 Staff Update – Elmwood – St. Joseph Cemetery</u>

## Tyler

- Extremely busy with assisting families with burials, plot situations
- New columbarium project complete, with new concrete pad
- Winter Flower and Wreath Program 140 orders
- Storm Sewer Project 100% complete
- Wreaths Across America incredible turnout (over 150 volunteers in freezing rain), and incredible support (over 1,300 wreaths donated)

### Paula

- Continuing to add information to CIMS, including older obituaries and new additions to the grounds
- Answering several questions about plots, upcoming inurnment burials, and decoration guidelines

### **Grounds:**

- Excited to share we have replaced all of the cemetery section signage in the cemetery, under budget, almost two years ahead of schedule
- Great work helping with various citizen requests
- New columbarium concrete pad complete, working on placing sculpture
- Beginning to transition equipment from Summer to Winter use
- Spraying grounds with chemical and fertilizer to minimize weeds

Purchase a new commercial ZTR mower with 60" deck

## **JUSTIFICATION**

Replacing the oldest mower on a rotation basis keeps maintenance expenses down and retain proper, consistent service.

## OPERATING IMPACT

Without adequate equipment, keeping the cemetery in good condition will not be possible.

near columbarium, small asphalt parking lot near columbariums and scattering garden, and asphalt trail connecting from parking lot to 26-27: Remove 400' strip of chainlink fencing along 15th Street and add 200' of chainlink between shop buildings; 28-29: Asphalt repair

## JUSTIFICATION

small parking lot provides need parking by columbarium, and trail provides both a community amenity and sets up scattering garden in future. eliminated neighborhood traffic of walkers and bicyclists and creates a cemetery yard; 28-29: street repair near columbarium is in dire need of repair, 26-27: fencing along 15th St has overgrown trees through it and needs to re removed before more damage occurs, and new fencing between buildings

## OPERATING IMPACT

The renovations will provide more efficiency in operations, reduce energy costs and provide safer working conditions.

### **EMPLOYEE PERFORMANCE REVIEW**

The definition of each category is as follows:

<u>Exceeds Expectations</u> is that level of performance which consistently surpasses the expectations of the job. A rating of Exceeding the supervisor's expectations requires a comment clarifying the performance.

<u>Meets Expectations</u> is that level of performance which is considered acceptable to meet the expectations of the job, and is the norm. The supervisor is pleased with the performance and appreciates the work of the employee.

<u>Needs Improvement</u> is that level of performance that falls below the expectations of the job. Certain aspects of employee performance are below acceptable standards. A comment is required to document it.

| EVALUATION ELEMENTS  | Exceeds Expectations | Meets<br>Expectations | Needs<br>Improvement | Comments |
|--|----------------------|-----------------------|----------------------|----------|
| CUSTOMER SERVICE: Rate how well the employee provides superior customer service and promotes a positive image of the City.   |                      |                       | €.                   |          |
| <b>LEADERSHIP:</b> Rate how well the employee sets high standards, provides a good example, encourages fellow employees to perform efficiently, and communicates effectively.                        |                      |                       |                      |          |
| INITIATIVE: Rate how well the employee accepts additional responsibility, requires minimum direction, seeks improved methods and techniques, ability to solve problems, and strives for improvement. |                      |                       |                      |          |
| HUMAN RELATIONS: Rate how well the employee establishes and maintains a respectful work environment, promotes harmony and enthusiasm, and displays interest in working as a team.                    |                      |                       |                      |          |
| JOB KNOWLEDGE: Rate how well the employee understands the duties and responsibilities as required for the position.  |                      |                       |                      |          |
| POLICIES AND REGULATIONS: Rate how well the employee understands and follows the general policies and regulations of the Department and the City   |                      |                       |                      |          |
| PRODUCTIVITY: Rate how well the employee completes the amount of work expected for the position.   |                      |                       |                      |          |
| QUALITY: Rate how well the employee produces quality work that is correct, complete and accurate.  |                      |                       |                      |          |
| SAFETY: Rate how well the employee understands and follows OSHA rules and regulations and City policies.   |                      |                       |                      |          |
| USE OF TIME: Rate how well the employee uses available time, is punctual, and accomplishes required work on or ahead of schedule.  |                      |                       |                      |          |
| USE OF RESOURCES: Rate how well the employee maintains a clean, professional work environment, utilizes City resources properly, and promotes safe use of equipment.                                 |                      |                       |                      |          |
| <b>PLANNING:</b> Rate how well the employee sets realistic objectives, anticipates and prepares for future requirements, and establishes logical priorities  |                      |                       |                      |          |
| FOLLOW-UP: Rate how well the employee maintains control of workload, allocates resources effectively, and ensures that assignments are completed accurately and timely.                              |                      |                       |                      |          |
| SUBORDINATE DEVELOPMENT: Rate how well the<br>employee assists subordinates in career development<br>and provides guidance and counsel.  |                      |                       |                      |          |
| ADAPTABILITY: Rate how well the employee accepts and benefits from suggestions and constructive criticism, and accepts changes in duties and responsibilities.                                       |                      |                       |                      |          |

## PROPOSED GOALS FOR THE NEXT EVALUATION PERIOD

This system helps the employee and supervisor understand more fully what is involved in doing their jobs as well as clarifying the relationship of their work to the work of others around them. We encourage goals to be developed during the evaluation, allowing the employee and supervisor to meet and jointly agree to a set of objectives for the employee's job such as correcting deficiencies and professional development. All employees are encouraged to have a minimum of one goal.

| Goal 1: | Trees - Catalog, remove, replace; create      |
|---------|---|
|         | a gameplan                                    |
| Goal 2: | Federal Ave. Historic 1/2 wall - work         |
|         | with city hall on restoration                 |
| Goal 3: | YEAR 2 - Wreaths Across America               |
| Goal 4: | Scattering Garden - continue progress         |
|         | through grants, partnerships, and staff focus |
