## City of Mason City Finance Department

### Memorandum

To: Aaron Burnett, City Administrator

From: Brent Hinson, Finance Director

Date: August 18, 2023

RE: June 2023 Financial Report

Attached are reports for the City's financial condition and budgetary performance, updated through June 30, 2023 (fiscal year-end). We ended the fiscal year at 108.27% of revenues and 107.32% of expenditures in the General Fund for the year. The reason this amount is "over" budget has to do with transfers out, which do not actually count against us at audit time. Those transfers out are related to us having higher-than-expected Local Option Sales & Service Tax (LOSST) collections and bank interest, allowing us to do large transfers out to General Capital Improvements 015 for the Fire Station project and 325 LOSST Capital Projects for Destination Iowa improvements, while maintaining a year-end undesignated general fund balance of \$6.5 million.

LOSST collections ended the year at \$6.7M, which is significantly above the \$6M we re-estimated for FY23. The FY24 budget for LOSST is also \$6M.

We are generally in good shape across the board. Minor concerns to the budgetary picture include:

- Waiting on a decision on a large federal grant that would fund Youth Task Force operations (we did subsidize that operation by around \$108,000 this fiscal year versus the \$35,000 we budgeted). The YTF has held off on hiring a director until we know the outcome of this and other grant applications, and this is generally a manageable issue for now from a budgetary perspective.
- We are still figuring out the right blend of programming for the Multi-Purpose Arena. We would like to have a consistent subsidy of \$120,000 for this operation, but were significantly above that in FY23. That said, the Arena had an excellent, full schedule of events this summer, and it appears we are starting to figure out

- what will work well and what doesn't. I am optimistic we will be in better shape in FY24.
- We have run into a much greater need for sewer repairs than anticipated due to the results of televising work that we have done. We are very tight in the Sewer Fund and will need to review rates in advance of the budget process to ensure that we have adequate funding for this rehab work going forward and also for the \$25M (up from \$10.4M in the FY23 CIP) nutrient reduction project at the Water Reclamation Plant.
- Construction bid prices continue to be a concern. With the recommended year-end transfers, we are now topped up in the Destination Iowa projects, with full funding for a total of just over \$15M in initiatives (versus the \$12M estimated when the grant application was submitted). The Fire Station is the other big concern- while we hope for at least somewhat better results by re-bidding in the early winter season, we will likely need additional funding for the project. At the current time, we do have a significant shortfall if bids come in the same as they did the first time around. Finally, we have held off for now on the Pennsylvania Avenue project listed in the CIP for design in FY24 due to high bid prices for a couple of our other street projects and hope to get this project funded again soon.
- We are pretty tight in the Storm Sewer Fund and will need to keep an eye on this.

A few other bright spots in the budgetary picture I'd like to highlight:

- Bank interest was extremely strong for the year. We ended the year with \$1.88M in bank interest, versus \$848,000 in the amended FY23 budget and \$715,000 budgeted for FY24.
- Revenues at the Aquatic Center (\$179K vs. \$117K budgeted) and Highland Park Golf Course (\$654K vs. \$560K budgeted) exceeded budget very significantly.
- We paid off the 2003 State Revolving Fund loan for the Water Treatment Plant at 6/1/23, so don't have any revenue debt in the water utility for the time being.
- We are extremely strong in the Airport operations fund currently, due to CARES operational funding (now all drawn down) and excellent management by David and team. Our operational fund balance is currently nearly \$1.9M.
- We ended the year under budget on claims in the Employee Health Care Trust, and have a robust fund balance of nearly \$2.4M in that fund at year-end.

In an overall sense, we end the fiscal year with \$53,627,675.75 in fund balances, as compared to \$52,603,099.14 one year ago at this time. We hope to have the \$7.7M hotel grant headed out the door soon, but even with that factored in, we have significantly exceeded our projections for year-end fund balance.
